

Enrollment in Substitute Courses

As a substitute for Calallen ISD, you could be required to complete an 8 to 10 hour online training course produced by STEDI. This course covers topics on Classroom Management, Special Education, FERPA, Teaching Techniques, and Professionalism. At the end of each section, there is a quiz. You must have an overall average of 85 to be eligible to sub. There are a limited number of "retakes" on the quizzes, so you want to make sure you have covered the material thoroughly. If you do not score the necessary or desired score on an attempt of a quiz or assessment, you will be able to review the previous material and attempt the assessment again. Additional attempts can be purchased through STEDI for \$20.00. It is not recommended you try and complete the course in one day. It is lengthy and covers a lot of material. It is best to spread this out over a couple of days.

SubSkills Training:

- 1. Go to stedi.org.**
- 2. Choose "Purchase Courses".**
- 3. Choose the SubSkills option you would like and Add to Cart.**
- 4. Proceed to Checkout.**

You can also contact info@stedi.org with any questions or issues you may have regarding the course or registration.

Once you have completed the course, print your SubDiploma and bring it to Central Office.
