

Dear Parents,

Magee Elementary has created our first an anti-bully / kindness video. Through guidance lessons and projects, we have been trying to instill in our students the importance of being kind to others, believing in who they are, and speaking up for one another and themselves when bullying occurs.

Our video consists of photos of students holding signs that send various positive messages. These messages deal with the topics that I address in my guidance lessons: preventing bullying, believing in one self, and most importantly, performing acts of kindness.

I truly feel that this video will inspire everyone, children and adults, to be the best they can be in all aspects of their lives.
