Technology Access Survey

The following message was sent to parents on 08/03/2020 requesting they complete a technology access survey for each of their students:

Calallen ISD is seeking information from families to determine how to best provide technology access during virtual learning. We are asking parents/guardians to complete the survey once for each of their students. It is important to provide the most accurate information possible to ensure students have what they need to be successful! The survey may be accessed at <https://www.surveymonkey.com/r/TechforFall> .

Thank you,

Calallen Administration
